

The end of a journey.....

MBIS MBISS GchG CH Sammantic Speed of Life won the working group today under breeder judge KarenMcFarlane.

A bitter sweet day as this is the last weekend I get to show my princess.

Speedy has taken me on a incredible journey. It's most certainly one I will never forget!

Not only is she an incredible dog who stole my heart from the beginning but she won all 6 all breed Best in Shows and 31 Group 1's.

She's one of the top 5 all time winning samoyed bitches in the history of the breed. 3 generations of top winning bitches and I have had the privilege of being a part of the Sammantic Team through all of them.

I am forever grateful Barbara and Wolfgang allowed me the honor and the privilege to be at the end of Speedy's lead. But now I am passing her lead off to Andrew Green. She deserves the world and I know Andrew and Amy Kiell-Green will do amazing things with her!

I can not wait to see what the future holds!
